Our E-FARM.COM service offers

Before purchase

E-FARM Inspection

Avoid unpleasant surprises when buying used machinery abroad with our neutral E-FARM.COM inspection by having your machine inspected in cooperation with the independent inspection agency DEKRA for only 299€.

During purchase

Secure payment on invoice

E-FARM.COM is a German company and acts as a contractual partner in the purchase of machines. So you always have full payment security. Pay only when the machine has arrived at your premises, and that for only + 2 % of the net invoice value.

Attractive transport services

E-FARM.COM offers reliable transport solutions worldwide. At reasonable prices, specialized companies bring the machine safely to your farm. If desired, also completely insured for an additional charge.

After the purchase

E-FARM.COM Warranty

The extended E-FARM.COM warranty for tractors and combines applies to all machine parts that are classified as fully functional in the E-FARM.COM inspection report and allows you to test your new equipment at your leisure for up to 500 machine hours or six months for only +2% of the tractor/combine value
